

Partner Membership Use Case: CONTRACTOR ONBOARDING

ONBOARDING WITH THE APS

Accelerated collaboration

Partner Memberships give externals and guests **full access** to GovTEAMS OFFICIAL, allowing them to act **autonomously** while reducing departmental onboarding wait times.

The best part is, when the contract finishes, the account follows the member if they start a new APS contract with another agency, even further reducing onboarding times.

Function	Guest	Partner
Self Register for GovTEAMS	Must be invited by Full Access Member	On request only and must satisfy the approval process
